# DEDICATION

We, the Reflector staff of 1962, dedicate our yearbook to a person who has given 16 years of meritorious service to the Mehlville School District, 10 of which have been at Mehlville High School.

Possessing an A.B. and M.A. in music, he has been director of the high school band until this year.

His patience, good humor and easy going manner make him well-liked by the students as well as his fellow teachers.

With deep appreciation for his service and with great pride, we dedicate this 1962 Reflector to Mr. Walter H. Schroeter.

Mr. Schroeter flashes a well-known grin as he plays his favorite waltz.

Essential to school spirit is Mehlville's band. Under the direction of Mr. James Fortune, it has presented shows at both football and basketball games. Pep assemblies and concerts for special events were also on the agenda during the school year.

## *HONOR SOCIETY COMPRISED OF OUTSTANDING STUDENTS*

Chosen by the faculty on the bases of scholarship, leadership, service, and character, the National Honor Society represents the outstanding members of the junior and senior classes.

In the art program students are encouraged through individual attention to seek an understanding of the relationship and function of art in all phases of everyday living.

Advanced students have a much more informal and extensive training in their program. They are able to work on projects dealing with their own interests.

# *SCHOOL ENLARGES TO MEET ENROLLMENT*

Ever present is the concern of furnishing enough classrooms for the growing enrollment of Mehlville High School.

Originally, the high school building consisted of 14 classrooms. Later 19 rooms were added and recently an addition of 20 classrooms and a shop area was completed. At present Mehlville High School consists of 53 classrooms, shop areas, and a double gymnasium.

## *BOARD OF EDUCATION— Board Makes Plans For Future*

Deciding the policy of the R-9 School District and proposing plans for future schools and additions to present schools is the job of the Mehlville R-9 Board of Education. ## ADMINISTRATION—

### New Building Provides More Work Area For Administration

To guide a student mentally, physically, and socially into the good citizen of tomorrow is the job facing Mehlville's administration. Responsibility of the administration is to produce, in four years, a citizen that will be a credit to his community. In order to do such, the administration determines courses to be offered, employs qualified teachers, and plans the students' schedules.

## GUIDANCE—

### Counselors Aim for Student Adjustment

Student's reading titles are brought to life by Mr. Woehrie and Mr. Gartner.

Mr. Kinsey confers with Mrs. Spitler on the Iowa Basic Skills Test which was administered to underclassmen.

Guidance is the process of assisting individuals in their adjustment to personal, social, educational, and vocational situations. Interpretation of psychological test results and analysis with the student of his previous experiences are an attempt to bring about greater self-understanding and personal development of the student.

# SCIENCE—

## Science Promotes Better Understanding of Nature

A better understanding of how our world operates in its various forms is the major goal of the Science Department. General science gives freshmen a basic background for more advanced study. Biology students concentrate on the phyla while math and the universal study of time and elements are emphasized in chemistry and physics.

## MATHEMATICS—

### Logical Reasoning Stressed in Math Classes

Among the many objectives of the Mathematics Department is developing in students an attitude of reasoning logically. This year mathematics students have studied the relationship be-

tween all types of figures and quantities. Studying mathematics provides these students with a sound background to be furthered in future studies.

Students in social studies classes prepare for their responsibilities of being active citizens in the government. These students receive a good understanding of events in the past which enables them to avoid past mistakes in solving problems in the future. In this way classes acquire a better realization of the world today and the importance of peace.

## PRACTICAL ARTS— Vocational Courses Emphasize Practical Learning

Included under the heading of practical arts is both the Industrial Arts Department and Business Education

Since the present age is a very complex one, our civilization is dependent on science, mathematics, "know how," and skill. This year the Industrial Arts Department has tried to do its part in helping students take their place in this complex age

Business Education courses are presented with two main objectives. One is to give students sufficient skills to enter the business world. These courses may also give students a basic business and economic knowledge that they can use later in life, regardless of their vocation.

## FINE ARTS—

### Students' Curricula Completed by Fine Arts Courses

One unit of credit in a fine arts course is required to graduate. The course is compulsory in order to teach students to enjoy the arts.

To fulfill this requirement, a variety of courses are offered. Among these are art, vocal and instrumental music, and music appreciation.

## PHYSICAL EDUCATION— Physical Education Emphasizes Sportsmanship

To encourage fair play and to teach students good sportsmanship is the main goal of Mehlville's athletic program. Headed by Mr. Mitchell Launius, Athletic Director, the Athletic Department strives to teach the fine points in sports as well as a basic knowledge of the games.

A will to win is installed in the players, yet the coaches emphasize that to be a good loser is part of good sportsmanship too.

### Groups Combine to Keep School In Running Order

Never-ending patience accurately described Mehlville's general office secretaries with their daily round of tardy slips and typed reports.

In January, district secretaries began work in the newly-constructed administration building.

Besides attending ill students, district nurses also administered health tests and supervised at polio-vaccination clinics.

## With 6-3 Record

Sporting a 6-3 record, Coach Lane Goodwin's Green and White ended the season's competition in a second-place tie with Parkway. Beating our arch rivals, Lindbergh, and whipping Parkway in our first Homecoming victory proved to be the highlights of Mehlville's football career since its introduction three years ago.

Because of increased enrollment, next year Mehlville will move up to a larger league, the Suburban Middle Six Conference.

Mainstays of the 1961 team were George Foster, guard, Bill Taylor, tackle, Nellie Morrison, guard, Phil Spudich, end, Larry Cole, end, Al Stanfield, halfback, and George Gasparovic, halfback. Al Stanfield had the distinction of scoring 100 points.

## FRESHMAN FOOTBALL—

## Freshmen Maintain Undefeated Season

Winning every game for an undefeated season, the freshman football squad compiled an impressive gridiron record. Only 6 points were scored against them during their five-game season.

Composed vastly of inexperienced boys, the junior varsity did not fare quite so well. Three games were won and five lost. However, the junior varsity players gained valuable knowledge of rough play, from which they will benefit next year as varsity players.

Determination and teamwork were the Junior Varsity Squad's key factors to success. Winning four out of seven league games, the team ended the 1962 season with an overall record of eight wins and nine losses. Coach Charles Brooks instilled in the boys a desire to work as a team, and taught them not to place personal glory above teamwork.

Fresh on the court with heads full of new plays and maneuvers, the freshman team finished their season with an even 5-5. Besides teaching fundamentals, Coach Don Crandell gave the boys lessons in sportsmanship.

## WEIGHT TRAINING—

### Team Members Keep in Shape During Off-Season

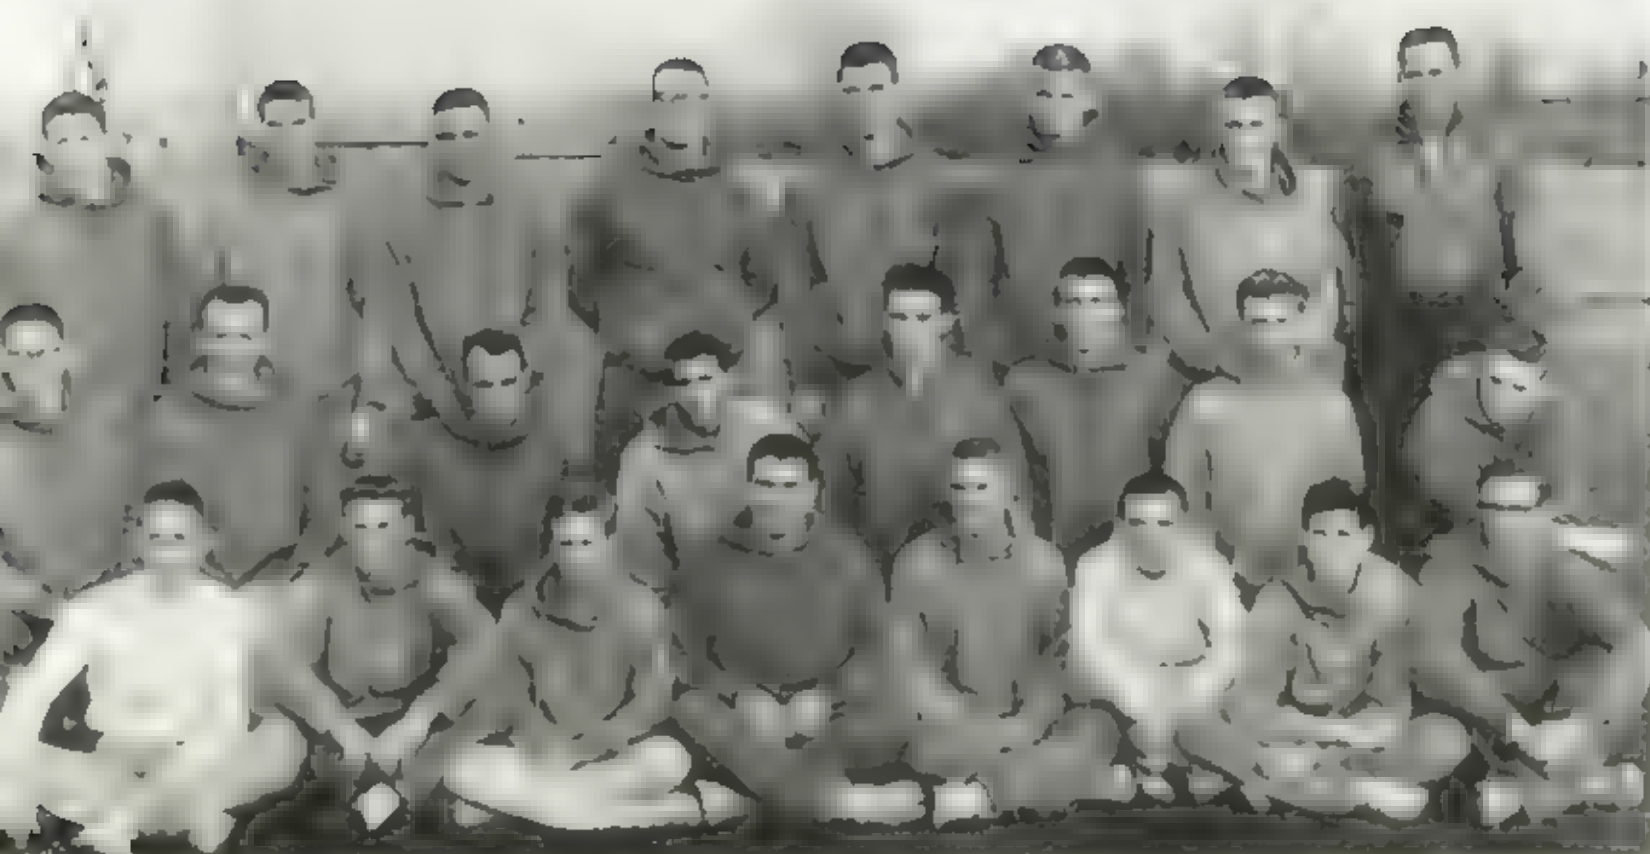

Developing the body as well as the mind has always been an objective of Mehlville High School. This year Mr. Goodwin has worked in co-ordination with our athletics department in building the boys bodies. On alternate nights

after school, weight lifting, exercises, and running were some of the activities that took place. Weight training helped the boys put on weight where it was needed and take it off where it was not.

### Fourth "Winter Wonderland" Is Sponsored by Reflector Staff

Nearly ending the winter season each year at Mehlville is the formal Winter Wonderland Dance, sponsored by the *Reflector* Staff. This year was no exception. Working feverishly to finish the dazzling decorations that covered the gymnasium, staff members were both pleased and surprised at results.

After such success in preparing for the dance, the crowning touch was the announcement of Sandy Roesler and Ben Liner as *Reflector* Queen and King. Each class chose two candidates to sell ads. Sandy and Ben sold more ads for the yearbook than the other candidates.

# CLASSES

Students hurriedly vacate corridors after last bell.

Rich Boesing served the school in many capacities through his job as Co-Business Manager of the 1962 *Reflector* and through his work as Vice President of the Student Council in his junior year. He worked on every job he undertook to make it success.

Although she had the time-consuming job of Co-Editor of the 1962 *Reflector*, Lois Wintermeyer still found time for her friends and for working in other organizations—in church as well as school.

Putting all his heart into the game, Al Stanfield scored 27 points on the field at Homecoming, scoring another when he was crowned King that evening.

Highlighting Karen Hibbeler's school activities was Co-Editing the 1962 *Reflector*. Her skill and hard work brought her scholastic achievement as well as admiration.

Although being a member of the Girls' Ensemble was one of her greatest pleasures, Elaine Baumunk also enjoyed working in other organizations.

# Superlatives

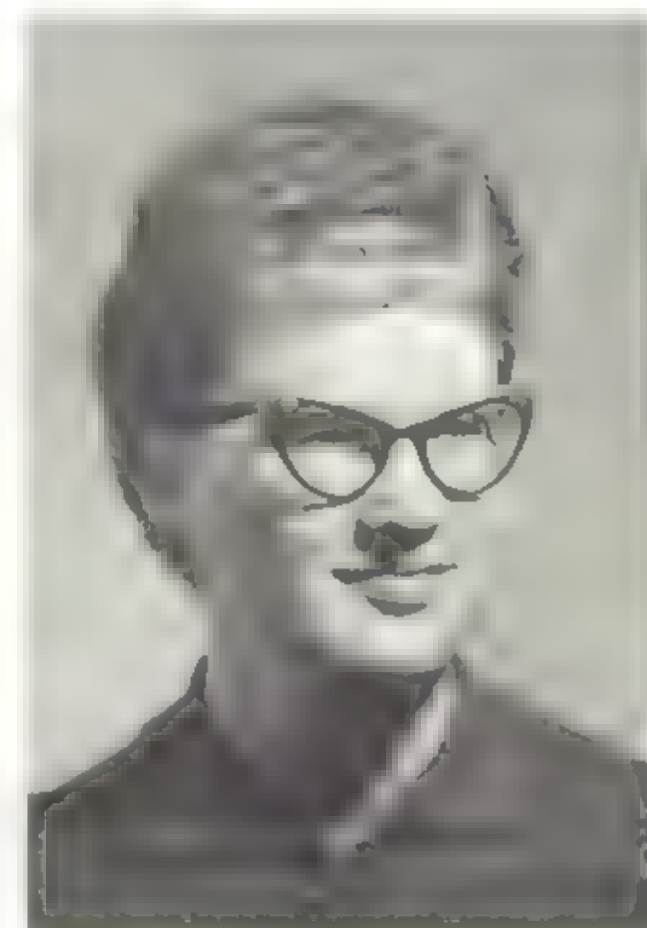

Bill Taylor's scholastic achievement as well as his athletic ability were but a few of the reasons the students respected him

As Student Council President and through her many offices and jobs in other organizations, Nancy Penberthy will always be remembered for her will to work and her pleasant smile for everyone

Phil Spudich's tall, slim, silhouette could be seen at all school functions, whether he was participating in a play, playing football or basketball, or just attending

A glowing personality was injected into all Anne Stanfield's work—whether Co-Editing the Student Prints, presiding over Quill and Scroll, or just having fun with her friends

Sports were George Foster's favorite pastime: not only was he president of the varsity club, but co captain of the wrestling team and tri-captain of the football team as well

Are you sure there aren't any calories, Mrs. Shannon?

Burning bright and clear;

Loud her praises tell;  
We will not forget our comrades  
When we say farewell;

Join the chorus, speed it onward  
As the years pass by;  
Hail to thee, our Alma Mater,  
Mehlville Senior High.

Dear Reader,

As you turn through the 1962 Reflector, we hope that it will help you to recall the memories, activities, and plans of a pleasant school year.

We are sincerely grateful to Mr. Harry Swain, Myers Yearbook representative, who has helped us over the rough spots in preparing this book. For the photography, we are deeply indebted to Rembrandt Studio and to Mr. Raymond Karcher, our faculty adviser. We also wish to express our appreciation to Mr. Jack Glasen, of Becktold Bookbinders, who advised us in the selection of a cover for the 1962 Reflector. Last, but not least, we want to thank the yearbook staff, the administration, the faculty, and the students of Mehlville High School for their cooperation with us in making the 1962 Reflector.

Sincerely,

*Lois Wintermeyer*
